This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. Pennsylvania canals and railroads—total cost of construction, *$35,099,083 91.

* Of this amount about $18,615,663 belongs to the cost of the main line of the public improvements from Philadelphia to Pittsburg, which line was sold to the Pennsylvania railroad company under the act of May 16, 1857, for the sum of $7,500,000—for which amount bonds of said company have been deposited in the State Treasury. The first, second, third, fourth, fifth, sixth, seventh, eighth, ninth, tenth, eleventh twelfth, thirteenth, fourteenth and fifteenth bonds of $100,000 each, were redeemed by said company, leaving $6,000,000 of bonds remaining on deposit.....	6,000,000 00
Also—Of the amount referred to, $10,985,569 61 belongs to the cost of construction of the Delaware division of canal, Susquehanna division, Old North Branch division, North Branch extension, West Branch division and West Branch extension of the Pennsylvania canals; which canals were disposed of to the Sunbury and Erie railroad company for the sum of $3,500,000, under the act of April 21, 1858. Bonds for said amount have been deposited in the sinking fund,	3,500,000 00
	11,254,321 62

The mortgage securing the payment of the $3,500,000 purchase money of the canals by the Sunbury and Erie Railroad Company, was surrendered to said company, agreeably to the act of March 7, 1861, and $4,000,000 of bonds of said company were deposited as collateral security for the payment of the original $3,500,000 of bonds still in the sinking fund, and a mortgage of $4,000,000 was also given to the State by said company to secure the payment of the said bonds for $4,000,000, as required in the third section of said act. And agreeably to the act of March 30, 1869, the Sinking Fund Commissioners delivered all the obligations of the Sunbury and Erie Railroad Company to the Allegheny Valley Railroad Company, and received therefor thirty-five second mortgage bonds of $100,000 00 each, making $3,500,000 00 executed by the said Allegheny Valley Railroad Company, and guaranteed by the Pennsylvania Railroad Company, Northern Central
